"The owners at Nuuanu Brookside are pleased that we chose Pacific Elevator to modernize our elevators. Professionalism was demonstrated by their staff and all the technicians installing the system. Owners were satisfied with the timely completion of each phase. I would suggest that all condominiums having a need to modernize their elevators consider Pacific Elevator."

JERRY ZAK  
Board President, Nuuanu Brookside

"We reviewed proposals from all the major elevator companies before selecting Pacific Elevator for our elevator modernization project. Pacific Elevator completed our modernization on schedule and we were very pleased with the results, as well as the money we saved. "I can speak very highly of Pacific Elevator in terms of their professionalism and responsible work ethic. Pacific Elevator recently modernized the elevator in our nine-story condominium. We didn't have to chase them to satisfy our needs, as they always followed through."
